Collegiate Innovator Missions Opportunities - Summer 2010

Are you a College student that desires a hands-on experience of taking your Christian witness to the workplace...?

Then, the North American Mission Board has an opportunity for you as an Innovator Missionary. Innovators are self-funded missionaries who work at a secular job (usually 40 hours a week) while assisting local missionaries (8-10 hours a week) in evangelism and church planting.

Here is a list of opportunities for Innovators 2010. Some things to remember when looking over the list . . .

- The term of service varies according to the ministry setting. When looking at the project dates on the list, if the dates do not fit your schedule, contact the local supervisor and see if they are able to adjust the dates.
- Let God lead you to the place of service created just for you.
- If you do not see an option that fits you - still apply. We will assist you in finding a place of service that fits your interests, needs, gifts, abilities, etc.

To get a better understanding of the project, contact the local supervisor.

ALABAMA						
AL01IN10	Baldwin Baptist Association Silverhill, AL	Nathan Diehl Rick Barnhart 251-945-5112 bbaoffice@gulftel.com	Along the beaches and throughout the resort areas of the Gulf Coast we need summer missionaries and innovator missionaries who are willing to serve and give of themselves for Jesus. Summer missionaries lead and assist with ministries on the beaches and in the RV parks, doing day camps, evening programs, worship services, and Beach Reach outreach. They assist local churches with Vacation Bible School and other outreach events. They also work with associational youth events and are partners in the outreach and evangelism efforts of the many churches who travel to the Gulf Coast for summer mission trips. There are many opportunities for developing skills such as leadership, organization, and communication that can be used in all types of evangelistic outreach. While summer missionaries will spend time on our beautiful beaches, this is not a beach vacation, but a challenging opportunity to use their gifts and talents as they seek to grow in their knowledge of Christ and to make Him known to others.	1 Student 1 Student 1 Student 1 Student	05/24/10	08/13/10

SC01IN10	<p>Low Country Ministries III Community Ministries Team</p> <p>Beaufort, SC</p>	<p>Larry Leming 843-521-7038 lcm@islc.net</p>	<p>Low Country Ministries exists to serve the people who live, work, play, and visit in Beaufort and Jasper counties, South Carolina. Through resort and community ministries, we earn the right to be heard with the message of Christ. Our summer staff serves as a vital part of this focus through serving on three different ministry teams. One of those teams is our community ministries team. The members of this team will conduct Backyard Bible Clubs each week at a different multi-housing location in our area. The camps are from 9:30 a.m. to 11:30 a.m. and are held Monday through Friday. During these camps, the children will rotate through the following areas: Bible story/devotion, crafts, recreation, music, and refreshments. The camps are used as a wonderful tool to build relationships with the children and their families and to earn the right to be heard with the message of Jesus Christ. On some weeks, there may be opportunity to do a morning and an afternoon camp. This team will also have the opportunity to assist with worship (drama, music, etc) in a variety of settings. Some musical ability would be helpful, but not required. Through their involvement in ministry, the summer missionary will be challenged to step beyond their areas of comfort and truly learn to depend upon God. They can expect their faith and daily walk to grow and deepen and to be blessed through their service to others. They will also have the opportunity to experience and lead worship in a variety of settings which also will enhance their own daily walk, and they will find themselves having many opportunities to encourage each other as they live and work alongside each other on a daily basis. Spiritual and emotional maturity will be great assets and will grow even deeper through the summer ministry. Through resort and community ministries, we earn the right to be heard with the message of Christ. Our summer staff serves as a vital part of this focus through serving on three different ministry teams. One of those teams is our performance/creative arts ministry team. The members of this team use singing, dancing, face painting, balloon animals, and other creative means to build relationships with those visiting Hilton Head Island and through those relationships earn the right to be heard with the message of Christ. The team will perform two nights a week at outdoor shopping centers presenting a program that is 70% secular and 30% Christian, therefore being very intentional with portraying Christ through the Christian segment. In addition to performing, there is also a very intentional lifeguard ministry that involves walking the beaches and building relationships with the lifeguards, providing a free meal with a devotion every other week and offering a small group Bible study for all those interested. This team will also use creative arts to build relationships with those who work on the island as well. In addition, there will be many opportunities for local church involvement and for leading worship in a variety of settings. The ability to sing and dance are a must. the clients live. We try to help those who have accepted Christ to get connected so they can grow in the Lord.

TN02IN10	Camp Tipton Maryville, TN	Andy Jordan 865-982-0499 camptipton@gmail.com	<p>Our primary ministry is summer day camps. Again for Summer 2010 we will also engage in a strong home repair ministry that connects visiting mission teams with local low-income residents in need of home repairs. Typically this involves light construction in the form of repairs to bathrooms, kitchens, floors, roofs, and the like. Our mission is to fully engage with the homeowner to meet both their physical and spiritual needs. It is expected that the student missionaries will lead the plans and preparations for the ministry on a daily basis. There are experienced local volunteers in a place who handle scheduling, planning, and execution of the work, but the summer missionaries serve in the role of liaison for the camp in working with all parties concerned. Details of this ministry will be available at our website at www.camptipton.com/hrm by August 31st, 2009. Two summer missionaries will serve as co-program directors throughout the summer. Given an existing program, the pair can focus on execution of the plan and have a great opportunity to gain leadership skills, operate as a member of a close-knit team, and experience multiple styles of ministry and faith-sharing activities. The overall focus for individual growth will be as a member of Christ's church exercising all of their gifts and talents in addition to stretching to learn new skills.</p>	1 Student 1 Student	05/24/10	08/10/10

These camps are a time of Bible study, personal evaluation, evangelism training, and hands-on mission work. Student missionaries are needed to help facilitate and demonstrate servanthood lifestyles. They will accomplish this task by exemplifying servanthood, intentional relationship building, and evangelism while working alongside short-term mission teams. Furthermore, the student missionary will work as a part of a ministry team to provide an atmosphere that leads to genuine encounters with the True and Living God. Some of the specific responsibilities the student will need to be able to fulfill includes working with small groups, witnessing, prayer walking, serving other's needs, river community outreach, and camp "chores" to name a few.
